**Benjamin Tucker**

Benjamin Tucker passed away at his late home at Norway Lake, Monday, April 14, at 11:30 p. m. Mr. Tucker, who was 88 years of age, has been a remarkably well preserved man for his years and actively attended to his business until within a few months, during which time he has been suffering from a general breaking up caused by old age. He was up and dressed the last day. He retained his faculties up to the last.

Mr. Tucker was born in Buckfield on March 11, 1831, the son of Benjamin and Sarah Tucker. When about a year old, his parents returned to Norway from Buckfield where he lived until 1859. On Dec. 1, 1857, he married Hannah E. Merrill of Norway, who died Feb. 13, 1907. On Sept. 6, 1904, he married Ellen M. Marston of Norway, who survives him. He is also survived by his four children, Ada H., wife of the late Edwin Stiles, who were in India as missionaries several years, now in Concord, N. H.; Arthur, who resides in Farmington, where he is Supt. of Burnham & Morrill Packing Co.; and two sons, William and George, who are now and has some public offices there now and is Supt. of the McWain Packing Co. at East Waterford; Alton B., Supt. of the Burnham & Morrill Packing Co. at Norridgewock and Wilbur M. of Norway Lake, who resides on a neighboring farm. Fannie M. died Jan. 12, 1901, Frank L. died Jan. 22, '05 and a daughter who died in infancy, make the seven children born to them. He is also survived by several grandchildren and one great granddaughter, also one brother, Henry Tucker of Logansport, Ind., and one sister, Mrs. M. Alice Oxnard of Norway.

Soon after his first marriage, he bought a farm in South Waterford, where he carried on general farming until 1875 when he returned to Norway and bought the summer Burnham homestead at Norway Lake. This estate contains 236 acres and is one of the best of Oxford Co. farms. For many years Mr. Tucker has been a well known Holstein breeder in this section and has owned some valuable animals. He made a specialty of dairying and carried on a milk route in Norway until 1912.

Mr. Tucker is widely known throughout the state through his agricultural associations. He has always kept in touch with the outside world along these lines and frequently attended the Brockton Fair. He attended the National Holstein Convention and the National Dairy Convention at Syracuse, N. Y., at Worcester, Mass., a few years ago. In 1915 he sold to Henry G. Beyer 24 head, all registered, and in 1916, A. G. Pratt of Farmington purchased his valuable herd of 40 registered Holsteins at the age of 85 years.

He then started to build a herd and at the present time had 25 head. Few men who have lived to the age of Mr. Tucker have been as active and would have the courage and ambition at 85 years to start anew.

For about 45 years he had been an exhibitor at the Oxford County Agricultural exhibits, and his stock always secured their share of blue ribbons. He was a great reader and took an active interest in the topics of the day and his paper was read every day.

In politics Mr. Tucker was a staunch republican. He has been a life long Universalist. While living in Waterford, he served as selectman for two years and has held the same office in Norway for one year. He was a member of Oxford Lodge, No. 18, F. and A. M., a member of Norway Grange, P. of H. He was one of the charter members of Bear Mountain Grange of Waterford which was organized in 1874; he was elected its first master.

The funeral was held Thursday afternoon at 2 o'clock, the officiating clergyman was Rev. C. G. Miller of the Universalist Church. The funeral was held at Oxford Lodge, P. and A. M. Interment at Pine Grove Cemetery.

Helen M. Noyes, who has been boarding at Lester West's in Paris during the winter months, returned to her home in Norway, Wednesday.

The 103d Infantry held a farewell memorial service Sunday at Camp Devens. Colonel Frank M. Hume of Houlton delivered the address. Major Spaulding Bisbee of Rumford explained the veterans association which is to be formed and requested all who have been members of the 103d to forward their names and addresses to Col. P. M. Hume at Houlton.

The regiment's service flag carries 395 gold stars, and this memorial was to honor the boys in the regiment who gave their lives for a just cause. A similar service was held in August 1918 at the Chateau Thierry offensive.

Candidates for the high school ball team have been out for practice on the fair grounds during the past two weeks. Coach Dell Rich took the outfit in hand for the first time Monday afternoon and a trial line-up will be selected for Friday. Six players are left from last year and they include the battery. There is a fast moving bunch.

R. A. Scannell of Auburn, business manager and press agent for the Commercial Travelers' Association, Minster Show has been in town arranging for the entertainment at Norway Opera House on Saturday evening.

**Surplus Accumulating Inefficiency.**

Note.—The following was handed us with request to print which we cheerfully do. We want all to have a fair hearing in our paper. Let both sides be represented and we hope in the near future the trolley cars will be running regularly between the two villages.—Ed.

Howard B. Young, Supt. of the Oxford Electric Co., has this time in regard to the report of the hearing before the Public Utilities Commissioners as reported in the Advertiser of April 4th: "As I remember it, after Ex-Gov. Cobb made the proposal to go fifty-fifty with the citizens of Norway and Paris to have the road rehabilitated and his offer turned down, after a recess was called for a private discussion of the matter, the rest of the forenoon was taken up in proving that the company in the past fifteen years (during all that time I have been the local Supt.) had been 'efficient' enough to make a surplus of approximately \$30,000. The company's auditor took the stand and showed where this money had been expended.

"After the recess, the complainants took up the balance of the session in attempting to prove the 'inefficiency' of the management which evidently was not convincing enough to be noticed by the commissioners.

"One thing brought up at the hearing was the difference of opinions in regard to the increase of automobiles in the past five years. The Boston Globe of the 8th inst. gives these statistics: "Since 1914 the number of automobiles owned in Maine has more than doubled: going from 14,478 in 1914 to probably 50,000 to-day. One reason for the increase is improved highways.

"I sincerely hope the matter of the St. Ry. will be settled satisfactorily to all concerned. We all want the road if it can be made a paying proposition."

**Base Ball Season Opens**

The base ball season of the Norway High School will open Saturday, April 19, at 2:30 at the Fair Grounds and a big crowd is expected to attend because of the holiday. The game will be interesting and is between the Norway High and the South Paris High. The Norway line-up will include Roy Fletcher, catcher; Arthur Descoeaux, pitcher; Harold Thompson, 1st base; Jim True, 2nd base; Donald Rice, 3rd base; George Crooker, short stop; and Charles S. Cummings, Ernest Descoeaux, Carlton Barker, Stephen Braden, Philip Noble and Clayton Farrington, fielders.

**Rogers-Tripp**

Wilbur F. Rogers and Blanche Tripp were married Thursday at the residence of the officiating clergyman, Rev. C. G. Miller, who held the ceremony at an auto trip to Portland returning Saturday night. Mr. and Mrs. Rogers are moving into his house on Cottage street, known as the Wood house.

The Veranda Club will hold a May Ball Thursday evening, May 1st, at the Norway Opera House. The Aeolian orchestra will furnish music.

Louis Seaton of New York took a week as the guest of Mrs. Victoria Blanchard of Weston, Mass., and Andover. They are making their headquarters at Hotel Belmont.

Walter F. Gammon, second-class fireman on the Norway Trolley, connected with the grand fleet which recently made port at New York. The craft was built at Bath and put into commission only a short time since. It burns oil for fuel, and his work has been more agreeable than the war. During the past two months the fleet has been in mock war maneuvers in Guantanamo Bay, Cuba. Walter plans to secure a short leave and visit his parents, Mr. and Mrs. Frank Gammon, before another cruise.

**Knights of the Golden Eagle**

Oxford Castle No. 2, K. G. E. of Norway entertained the grand lodge at their annual meeting Thursday, April 10. The session was called to order at 10 o'clock in the forenoon and there were installed by Supreme Master of Records, John B. Theibler of Philadelphia, Pa. The officers are as follows: Grand Chief—James L. Anderson, Portland, Me.; Grand Vice—Thomas J. Bean, Portland, Me.; Grand Master of Records—Jas. D. Dyer, Portland, Me.; Keeper of Exchequer—Loring Pitt, Kenduskaug, Grand High Priest—Charles T. Pickard, Bangor, Grand Sir—Harold L. Earl LeMont, Bath, Me.; Grand First Guard—Roy F. Jordan, Norway, Me.; Grand Second Guard—O. H. Masloy, Portland, Me.; Grand Trustee—Ernest E. Page, East Corinth, Me.; Representative—Alexander Skilling, Portland, Me.

Routine matters occupied the remainder of the day and much entertainment was shown by the large number of the order present. Dinner was served at noon in the large room. It is expected that the next grand session will be held in Bangor next year.

The delegates were such that the visiting Knights arrived Wednesday evening. The Norway lodge were equal to the occasion and arranged a social get-together or an informal introduction before the regular meeting Thursday. Robert M. McGowdy, Harold A. Anderson and Fred Fanen were the committees in charge of the supper and Past Grand Chief George L. Curtis was master of arrangements. Every member contributed in various ways to make this social affair a success. A short entertainment followed the supper and included selections by the lodge orchestra and readings by Mrs. Alexander Skilling of Portland. Dancing and cards occupied the time until a late hour.

**Frank Richardson Presented Gift**

"Shorty" Cook and his followers have presented Frank H. Richardson of Monmouth, a valuable grangers badge, as token of their esteem and well wishes for a prosperous rural life. This jewel Sunday School as usual. The Junior meeting at 3 o'clock will be omitted. In the evening at 7 o'clock an Easter concert to be given will include, drills and singing. An appropriate number, the "Living Cross" by six young ladies will prove suggestive and helpful. The Junior Endeavor membership and attendance contest which will continue until June has been entered into with a zeal that produces results. Fifty-five members were present. Sunday, A. supper given to the winners by the lodge. The reward offered these young hustlers.

The lodge is real figured taffeta, 12 inches long and 14 inches wide. Lovely fringe about the lower end, and sparkling gems and colorful ribbons. The dress suit to the dress suit near the heart, gives a classy and rich appearance. The pedigree of the "spangles" are not known, but they might be distant relatives of rubies, tourmalines, pearls and diamonds. The most startling embellishment is the white bull's eye right in the center carrying this information "P. of H. Monmouth Grange No. 39. F. H. Richardson, Grand Sackum." All the way through it bears the imprint "made in Norway."

Whether or not ex-barber-doctor Richardson is eligible to wear this valuable decoration we cannot state. In any event it will make a fine front window display, and might convey the idea that Frank et one time held the timers watch in the Judges stand with foreign nobility.

The original plan was to present a token carrying shears, a razor and "suds" brush, but after due deliberation this was considered inconsistent with his own profession, and some gift emblematic of the free, money making life which he elected to enjoy would prove more helpful.

Welcome to Returning Soldiers  
Two meetings of the joint committees of Norway and Paris have been held, the last one took place at South Paris, Sunday, April 17, the Parish meeting at the County fair grounds office.

No date has been set for the celebration, but the event will be held on the fair grounds with Norway and Paris waiting to make this welcome one long to be remembered.

No parade will be given except from the depot to the grounds and around the race track. The Paris and Norway Granges will serve dinners in the Agricultural hall to the soldiers, plans are being made to lay covers for 700. The several victualling booths will probably be open to feed the multitudes. As the surroundings are ideal for picnic parties, with an abundance of pure spring water, it is expected many will come prepared to enjoy this pleasure.

The program of sports will include ball games and track events. A prominent band will be in attendance. This celebration is in honor of every person from the two towns who entered any branch of the U. S. service, and the invitation to attend is general. All citizens are cordially invited to be present and give the boys a hearty hand shake.

**George H. Gunn**

Henry B. Foster received word Wednesday that George H. Gunn had passed away Tuesday evening, April 15th at his home in Danvers, Mass. His age was 78.

Mr. Gunn was a thorough shoemaker and first made his acquaintance in Norway nearly forty years ago as foreman in the B. E. Spinnery & Co. shoe factory. He left for a short time then returned as superintendent, leaving in 1896 to accept a similar position with the Walton Shoe Co. in Chelsea, Mass. Failing health caused him to retire about three years ago.

The deceased was one of the charter members of the Bass Island Club, organized in 1880 and has gathered at the lake with the members every year since its beginning. He also belonged to the I. O. O. F.

Although he had been in failing health during the past year, the end came as a shock to his Norway friends. His passing leaves only two survivors in the club's original membership, namely, E. J. Smith and Capt. W. W. Whitmarsh both of this town.

Norway and South Paris Transportation  
The Public Utilities Commission have suggested that the citizens of the two villages agree upon a compromise and extend financial aid to the Oxford Electric Co.

Acting on this suggestion, a proposition has been made to that end. It is expected it will be accepted and the cars will be running in the near future.

**Congregational Church Notes**

A large gathering witnessed the stereopticon lecture "The American Army in the World War" in the auditorium Sunday evening. This was the fifth in a series which the Rideout class for men are offering the public. The object is to broaden the vision, and give those unable to travel, a clearer conception of the world as it is. The idea is to show the evils following the world war and the constructive work a head, both materially and spiritually. Those who have followed the series, admit a new feeling of patriotism has been aroused, and the boys, who put aside civilian duties to take a war, are considered heroes worthy our respect. Rev. M. O. Baltzer conducted the opening services and read the lecture. Battle Hymn of the Republic, Onward Christian Soldiers and America were sung from the screen.

Albert O. Parker's class of young men entertained the young ladies of Mrs. Arthur W. Easton and Mrs. Edna Seavey's Sunday school classes in the vestry Tuesday evening. Games and music were in order. Ice cream and cake was served. About forty were present with Mr. Parker in charge of the program.

The delegates to the young women's Christian Association of Maine meeting at Lewiston from Friday to Sunday were Ruth Crooker, Minnie Hunt, Marjorie Rich and Chelmsford Crover. More than 100 views on Russia will be shown on the screen during the lecture Sunday evening, April 27. Underwood & Underwood has photographed that part of the country figuring largely in the daily news, and the descriptive matter accompanying the slides will give us a better understanding of the conditions existing there.

The Christian Endeavor society, has invited the young peoples' organizations in the several churches to join the Sunday morning service at 7 o'clock in the vestry. A. C. Parker will be the leader.

Rev. M. O. Baltzer's theme at the special Easter service Sunday morning at 10:40 will be "The Risen Christ." Sunday School as usual. The Junior meeting at 3 o'clock will be omitted. In the evening at 7 o'clock an Easter concert to be given will include, drills and singing. An appropriate number, the "Living Cross" by six young ladies will prove suggestive and helpful. The Junior Endeavor membership and attendance contest which will continue until June has been entered into with a zeal that produces results. Fifty-five members were present. ### BRYANT'S POND

School Notes

As a meeting held Thursday evening a base ball league, to be known as the Triangular League, was formed. Teams from the Dearborn Spool Co., the Grand Trunk employees, and the High School compose the league. Games are to be played after five o'clock and the following schedule has been made up:

Sat. Apr. 19 High vs. Dearborn Spool Co.  
Wed. Apr. 23 High vs. Grand Trunk.  
Sat. Apr. 26 Dearborn Spool Co. vs. Grand Trunk.

## Pianos and Player Pianos

Never in the World's History has music been so acceptable as it has been in the Army and Navy.

On the battlefield; in the front line trenches, in the various organizations' huts; in the hospitals; inspiring the charge, making possible the forced march, MUSIC has been indispensable.

On this side of the water, Music's service has been even more vital if less spectacular. It united a nation made of many nationalities. It inspired patriotism when argument failed. It aroused a determination to accomplish its object.

It was invaluable in raising the money for Liberty Loans and War Work campaigns. It generated the spirit of Sacrifice it gave us Courage; it relieved Anxiety; it provided Diversion. The evidence is plentiful that MUSIC has materially helped to win the War.

MUSIC is indispensable in celebrating OUR GLORIOUS VICTORY as it proved to be in WINNING IT.

The wonder of MUSIC lies in the fact that it gives a Fuller and Deeper Expression to every human emotion and Harmonizes with Every Occasion.

## WORSE THIS SPRING

Owing to Run-down Condition Caused by the War.

Anxiety and worry have a bad effect on the nervous system, and of course the bodily functions, especially digestion and excretion. Who escaped them during the war? They have made nervousness, paleness, lack of vitality worse this Spring.

The very best medicine to take now is Peppin. It strengthens and tones the nerves. It gives a good color to the lips and cheeks. It is the great vitality-giving healthy activity to all the vital organs.

This good medicine, which is a real tonic, makes the blood rich in red corpuscles, an abundance of which is indispensable to perfect health. It promptly relieves mental and physical exhaustion, creates an appetite and promotes sweet, refreshing sleep. Peppin is in the form of chocolate-coated tablets, and is pleasant to take.
